MyBooklet BC is A FREE online tool that families and people with disabilities can use to create a beautiful and personalized information booklet for a loved one or for themselves.

- Are you tired of constantly repeating your "story" to doctors, teachers, therapists, friends and family?
- Do you wish all your important information was in one document?
- Do you wish you could share more than just the medical and diagnostic facts?

If you answered yes to any of these questions, you'll want YOUR OWN myBooklet now!

Are you interested in learning more about the MY Booklet BC on-line tool or do you have staff in your office that would like to learn more? Family Support Institute of BC is pleased to announce an excellent opportunity for families and service providers to learn about the My Booklet BC on-line tool.

This presentation is hosted by Supported Child Development and the Child Care Resource and Referral Program in partnership.
